

WORKSHOP // MARCH 17TH AND 18TH 2021

# Climate resilience and design codes - factoring in climate projections

Aligning infrastructure standards with information about the future climate

## WELCOME

**Prof. John Dora**

[john.dora@climatesense.global](mailto:john.dora@climatesense.global)

# Agenda: Day 1

## Climate resilience and design codes - factoring in climate projections Aligning infrastructure standards with information about the future climate

### Agenda – 17 March 2021

Time (CET)	Session
09:00 – 09:20	Opening <ul style="list-style-type: none"> <li>– Introduction &amp; Agenda for the workshop by John Dora, Climate Sense, UK</li> <li>– Overview of M/526 and PT1 Study by Ab de Buck, NEN (Netherlands Standardization Institute), Netherlands</li> <li>– Overview of SIRMA and infrastructure users' sector by José Matos, University of Minho, Portugal</li> </ul>
09:20 – 09:30	Keynote Address by Andras Toth, Directorate General Climate Action, European Commission <i>Title:</i> <i>The New European Strategy for Adaptation to Climate Change and Standards</i>
09:30 – 09:45	Keynote Address by Andreas Walter, Deutsche Wetterdienst (DWD), Germany – Chair of M526 Adaptation to Climate Change – Coordination Group <i>Title:</i> <i>Factoring climate data into infrastructure standards for a resilient future</i>
09:45 – 10:00	Keynote Address by Steve Denton, Chair TC 250, Eurocodes <i>Title:</i> <i>The second generation Structural Eurocodes: plans for addressing the changing climate</i>
10:00 – 10:10	Short pitch to Panel by Guido Rianna, Euro-Mediterranean Centre on Climate Change, Italy <i>Key question:</i> <i>Which future climate information should have priority for the construction sector?</i>
10:10 – 11:00	1 <sup>st</sup> Round of Panel Discussion
11:00 – 11:10	Break
11:10 – 11:20	Short pitch to Panel by Silvia Dimova, Joint Research Centre, European Commission <i>Key question:</i> <i>How should this information become available in order to be used? (location, format, accessibility, actuality, training, ..)</i>
11:20 – 12:20	2 <sup>nd</sup> Round of Panel Discussion (same panel as earlier)
12:20 – 12:30	Wrap up of meeting / 1st round of conclusions

# Agenda: Day 2

Climate resilience and design codes - factoring in climate projections  
Aligning infrastructure standards with information about the future climate

## Agenda – 18 March 2021

Time (CET)	Session
09:00 – 09:10	Opening
09:10 – 09:25	Keynote Address by Rade Hajdin, Infrastructure Management Consultants GmbH (IMC), Switzerland Title: <i>Climate change and future actions on infrastructure – User requirements</i>
09:25 – 09:40	Keynote Address by Hans-Martin Füßel, European Environment Agency Title: <i>The European Climate Data Explorer: Improving access to data about the changing climate</i>
09:40 – 09:50	Short pitch to Panel by Chiara Cagnazzo, European Centre for Medium-Range Weather Forecasts Key Question: <i>What choices should be made so that comparable datasets are used and referred to in standards – on the national and the European level?</i>
09:50 – 10:50	1 <sup>st</sup> Round of Panel Discussion
10:50 – 11:00	Break
11:00 – 11:10	Short pitch to Panel by John Dora, Climate Sense, UK Key Question: <i>What guidance should be included in the Technical Report (on inclusion of future climate information in Eurocodes/national annexes)?</i>
11:10 – 12:10	2 <sup>nd</sup> Round of Panel Discussion (same panel as earlier)
12:10 – 12:15	Break
12:15 – 12:30	Summarize, conclusions, agreements on next steps
